Ref. CBBSC/inv

Dear Mr Anastaddiadis

**THE CAMBRIDGE BLUE BOOK
OF FOREMOST INTERNATIONAL SCIENTISTS**

This is your personal invitation to have your own biographical entry included in an important new publication from the International Biographical Centre of Cambridge, England.

The IBC has been a world leader in international biographical reference publishing for more than forty years and its range of titles is regarded by researchers worldwide as a symbol of authority and authenticity. The full range of titles can be seen on our website www.internationalbiographicalcentre.com.

THE CAMBRIDGE BLUE BOOK OF FOREMOST INTERNATIONAL SCIENTISTS will include no more than four thousand entries of the most prominent individuals in their respective fields and I am delighted to say that your name has been proposed for automatic inclusion. The entry will carry a significant amount of detail. In addition, it is hoped that each entry will have a photograph of the relevant biographee alongside.

I urge you to complete the enclosed questionnaire and return it to me by the date shown or as soon as possible. You may prefer to complete your details on-line. In which case you may go to our website for further details.

I can assure you, **Mr Anastaddiadis**, that in line with all other IBC publications there will be no charge whatsoever for inclusion in **THE CAMBRIDGE BLUE BOOK OF FOREMOST INTERNATIONAL SCIENTISTS** as inclusion is based on merit alone. However, if you should wish to order a copy for your library you will be entitled to considerable discounts that we plan to make available. Should you place an order you will also have automatic password controlled access to fellow Scientists via our new on-line database. This is an invaluable networking resource that will be updated on a regular basis as we receive new information on the entrants included in the book. One of our fine editions can then compliment your existing personal library or may be presented to a college or civil authority to promote your standing in the scientific community.

In addition we have commissioned an artist to create the Cambridge Blue Book Triptych of Appreciation. This consists of three beautifully designed diplomas that hang together as a whole. Inscribed with your name, citation and personal photograph, they highlight your talents and achievements. Each diploma can, of course, be purchased individually, but in doing so, the effect would be lessened.

I urge you to complete your personal Biographical Questionnaire and send it to me, either by airmail or on-line as soon as possible so that we may prepare a proof of your entry for checking prior to publication in mid 2008. Also, please take time to consider the fine hard bound edition and the collection of Diplomas.

I look forward to hearing from you.

Sincerely,

Sara Rains
Editor-in-Chief
